

NDIS fact sheet:

Fund management types

The NDIS provides three options to manage your funding allowing you choice and control:

- 1 NDIA-managed 2 Self-managed 3 Plan-managed

You can also choose a combination of the three fund management types.

	NDIA-managed	Self-managed	Plan-managed
Choice and control over choosing providers and services	✓	✓	✓
Have access to your plan in 'myplace' portal	✓	✓	✓
All service providers used must be NDIS Registered Providers	✓	—	—
No need for you to process invoices	✓	—	✓
No need for you to manage payment of service provider's invoice	✓	—	✓
No need for you to manage paperwork after each appointment	✓	—	✓

To change or update your fund management type, submit a Change of Circumstances Form to the NDIA. For ease, NextSense can assist you in this process.

It is important for you to update NextSense, as your service provider, after you have received confirmation from the NDIS of the amendment.
